TOP COAT - EXTREME GLOSS

Additional Information

Description:

This top coat is perfect for professionals looking for an incredibly shiny and long-lasting finish. With its exclusive formula, **Extreme Gloss** provides extra shine and higher UV protection compared to traditional top coats.

Warning: Extreme Gloss must not exceed 30°C. Above this temperature, the product becomes thicker. It is equally important that it is NOT USED immediately under the desk lamp. We recommend storing the product in a cool, dry place. In shops with high sun exposure, store the product in the coolest place possible during summer.

Risks and Precautions:

For professional use only.

Read the instructions carefully.

May cause an allergic reaction.

Avoid contact with skin and eyes.

Discontinue use if irritation occurs.

In case of contact with eyes, rinse thoroughly with water.

Keep out of reach of children.

Directions for Use: Apply a thin layer of **Extreme Gloss** over the nail, ensuring the entire surface is covered without touching the cuticles. Cure under UV lamp for 2 minutes or UV/LED lamp for 1 minute. Avoid touching the surface for 20 seconds after curing to ensure a perfect finish.

Attention: The product is sensitive to UV radiation. Do not expose it to sunlight or UV light
